

NSWBA Rules Pertaining to On-line Congresses

Effective from 27 August 2020, last updated 31 October, 2020

Regulations

The normal NSWBA regulations pertaining to Congresses apply. In addition, the entry form is to specify the platform being used and any pre-congress preparation that the entrants must undertake to be familiar with the relevant software. Players are to be online, visible and ready to play at least 5 minutes before the scheduled start of each session.

Directors

There must be at least two directors experienced in running on-line sessions, at least one of whom must be accredited at Congress level or higher. Both must be experienced using the relevant on-line platform.

Entries

All members of the ABF Masterpoint System are eligible to enter.

Licence Fees

The NSWBA Congress Licence Fee will be \$0.80 per red masterpoint issued.

Masterpointing

Red masterpoints at Level B4 are awarded and the normal Congress MP rules apply. Responsibility for masterpointing and reporting to the State Masterpoint Secretary lies with the Chief Director. Unless special permission is given by the National Event Co-Ordinators, Congresses which are run free of charge to players are not eligible for masterpoints.

Communication

The Chief Director is responsible for ensuring that both kibitzing and the ability of players to chat to the tournament are disabled for all sessions.

Robots

If available, a robot pair may be used to fill a half table if required. Players may not have a robot partner, other than as a temporary substitute permitted by the Director when a player is disconnected.

Event Formats

A. Using the BBO Platform, the only permitted formats are the following:

- 1) Pairs
 - cumulative over 2 sessions, each of at least 24 boards
 - scoring by either Matchpoints or cross IMPs
- 2) Pairs
 - first session: qualifying, of at least 24 boards
 - second session: final plus one or two consolations
 - scoring by either Matchpoints or cross IMPs

NB This format takes considerable expertise and preparation - it is not recommended unless using a very experienced Chief Director.

- 3) Swiss Pairs
 - Danish format as per BBO technology (pairs may play one another more than once)
 - played as one tournament on a single day
 - at least 48 boards
 - each match must be for a minimum of 5 boards
 - scoring by net Matchpoints or net cross IMPs. There is no conversion to Victory Points.

The following regulations apply to events conducted under the ABF Virtual Clubs Scheme:

Entry fees

The full entry fee for the event must be paid by the players in BB \$ at the time of the event. A proportion of the total entry fees paid will be returned to the club by BBO - currently approximately 65%. The players cannot be charged any additional "external" fee for playing.

Prizes

BB \$ are the only prizes permitted to be awarded. It is perfectly acceptable for no prizes to be offered. The prizes, or absence of prizes, must be clearly advertised.

Pre-event Registration

Players must have registered their BBO username on the ABF Mailing List.
